proudly presents: **Laurie Foster**

**Ensuring the Future of your Business**

**YOU'RE INVITED**

An MBA graduate from Stanford University, **Laurie Foster** launched a 15 year consulting career on the East Coast before returning to her home on Oahu in the mid-90s. Having focused her entrepreneurial energies on smaller companies and start-up ventures, Laurie is street smart and knows the challenges and satisfaction of entrepreneurship. She is also actively engaged with several local boards of directors.

Think of Succession Planning as an "insurance plan" for your business's longevity. It's a matter of not IF but WHEN you find the need for having a succession plan, so it's recommended that you make your plan while you have some control over it. Family businesses, partnerships, large corporations and entrepreneurs must engage in Succession Planning proactively. Ms. Foster will discuss the who, why, when and how of Succession Planning.
